Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Indiantown, FL project in fiscal year 2024. The entity to receive funding for this project is the Village of Indiantown. The funding would be used to replace the water main on 151st and SW Osceola Street due to corrosion that has led to weak flow velocity and capacity, as well as color, odor, and taste change. The project is an appropriate use of taxpayer funds because the federal government remains committed to ensuring that rural communities have access to safe drinking water.

This project has a Federal nexus because it is for the purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2). I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Brian Mast
Member of Congress
